VANCOUVER ATHLETIC FC

Spring League 2013

There are 98 players registered for the VAFC Spring League.

New Registration System

We spent several months over the course of the season looking at alternative online registration systems. Early in 2013 the Board accepted the Registrar's recommendation to move to a new system for both cost and usability reasons. We spent January to March getting things ready with the new system. That process is now complete, and we are using the new system currently for both Spring League and Fall 2013 registrations. It will be very easy to use this system for any additional development sessions and camps that the Club decides to pursue.
